Official Statement

Ref # : NMe E-1

No Melamine / Official Statement

Macco Organiques Inc.'s products, including *calcium acetate, calcium propionate, potassium acetate, potassium benzoate, potassium chloride, sodium acetate, sodium benzoate, sodium diacetate* and *sodium propionate*, manufactured at its Salaberry-de-Valleyfield plant, are the result of chemical syntheses that do not make use of *melamine, cyanuric acid, ammelide* or any raw materials and packaging containing *melamine compounds*. Based on our knowledge and controls of our incoming raw materials, manufacturing processes and on the controlled handling, storage and shipping of our products, there is no potential for *melamine compounds* to be present in any of Macco's products.

Macco's manufacturing facility is a FDA bioterrorism, FSMA and C-TPAT registered facility that operates under an ISO Food Safety System FSSC 22000 (GFSI approved) and in compliance with food GMP. Pharmaceutical grade products are manufactured according to cGMPs. Macco's facility is audited yearly.
